Wonderful to see East Kent advocate **David Foley** supporting the development of our students, and giving them the opportunity to find out more about some of the pathways available to them in the future through a **THANET AND EAST KENT CHAMBER LTD**. Question Time!

Last week we hosted a Chamber Employer's Question Time event, giving our students the chance to ask local business executives about their occupational backgrounds and what inspired them to embark on the careers they have subsequently excelled in.

Thank you to David Foley from the Chamber of Commerce for chairing the meeting, to the fantastic panel members and of course to the students for their questions.

You can find out more about the Thanet and East Kent Chamber at their website here: <https://www.tekc.co.uk/>
